The neck is located between the head and the shoulders. Memory and learning test A plus-maze test apparatus 30 adapted to our experimental requirements test aquarium was used to assess spatial learning and memory performances.

The Best American Science & Nature Writing 2001

D Assumptions are statements in a philosophy or theory that are taken for granted or considered to be true. In these troubled times, when most of the people are dissatisfied, and many are demanding changes, it is more important than ever to find the real fundamental root of the present decay of civilization.
