Add episode. Making a decision is difficult and overwhelming. Nietzsche argued that art from his examination of greek culture and tragedy was bound up within the aforementioned duality: the Apollonian referencing sculpture, the Dionysian referencing music.

Ultimately this topic becomes pointless, futile and irrelevant. AmazonIns He distinguished three dimensions of culture, which contribute to understanding culture as susceptible to global dynamics: a ideas and modes of thought: the entire array of concepts, propositions, values and mental operations that people of some social unit carry together; b forms of external- ization: the different ways in which ideas and modes of thought are made public and accessible to the senses e.
